Michael Hignutt Praise God and ALC for being able to connect online. Miss seeing my brothers and sisters and miss not being there! Praise God for blessings past, present, future. Praise God that Peggy and the hearing aid co. are working together to correct her hearing issues. Pray that our Lord will keep her strong, healthy and hopeful that God will provide and answer our prayers. Please pray for Mike Jr., he is in a better place mentally and emotionally than in the past, I thank you God! Please pray for me to be hopeful, strong and trusting that our Lord will answer my prayers. I'm feeling worried for me and Peggy's future! For we stopped having one as we took care of Mike Jr. when he was sick and needed help. He is better today but our once healthy finances are no longer what it once was, and I struggle that I did the right thing for him. I know I did but for Peggy after years of saving for our future and being a very good steward of what God blessed us with, I feel and has been expressed that I

Michael Hignutt I feel like I may have made the biggest mistake of my life, but I didn't know what else to do. He was very sick and had given up on himself. So I ask my prayer warriors to please pray for employment for me, and our Lord's guidance as I walk in faith and hope that our future will be abundantly bright. I feel I have so much to make up for to her, as I concentrated on making Mike well and being a caregiver to him, as she worked. I was told my heart was at conflict with my brain, but I just did not know what else to do other than not care and let him die or kill himself. My road has been long and I am tired

Michael Hignutt Please pray for all lost hopeless people to not give up, keep fighting. Trust in our Lord to make a way when it seems like no way. Pray for Pastor Nate and our leaders at ALC; for God's protection over them. Pray for our country and our president. Pray for more kindness and less hate. Pray for that community that Pastor Nate spoke of today, where we are all walking in the sand together with God helping and caring about each other, and not just thinking about ourselves but sacrificing ourselves for the good of another. I give praise to God for being alive after my heart attack last year, and keeping me around to try and be a blessing to others.
